

# Beginner's guide to **SHOPPING FOR BABY**

## HANDBOOK

60 products you didn't know you needed (and where to buy them!)

# INTRODUCTION

Congratulations mumma, you're having a baby!

We are so thrilled to be part of this magical and crazy journey into motherhood.

Here at Mum's Grapevine, we offer support and guidance while empowering you to stand tall and parent like a pro.

This handbook is a checklist of all the things you need for baby and where to buy them - including the items you didn't even know you needed! These are the products we love to use, handpicked because we truly believe in each and every one of them.

This Shopping for Baby Handbook isn't just about shopping. It's about feeling confident and being ready for when baby comes along.

We don't want you to simply shop - we want you to be delighted with every single purchase.

Looking for the very best, newest, most unique baby products?

Let us take you there.

*Caz xo*

55.  Wetbag
56.  Baby washing detergent
57.  Hand sanitiser
58.  Terry towels
59.  Logbook/app
60.  Milestone cards/ baby journal

# THE ESSENTIALS...

The big ticket items you need and what to consider.

## PRAM

Pick a pram that works with your lifestyle. It will be part of your everyday life for at least two years and must grow and adjust to your family needs.

### Things to consider:

Lifestyle: For running around inner city streets or packing it up in the car?

Longevity: Are you having more children? Does it have a second seat?

Ease of use: How does it fold down? What are the seat positions and how easy are they to adjust? How heavy is it?

Safety: Does it have a brake, tether strap, safety harness, safety warnings?

Storeability: Where are you going to park the pram between trips?

**For more info check out our [Before You Buy Pram Guide](#)**

## BABY CARRIER

Baby carriers let you keep your little one close and content while giving you two free hands. Different styles such as wraps, slings and buckle carriers all offer different carrying positions, comfort features and weight suitability.

### Things to consider:

Usability: Carrier positions and how easy it is to get on and off.

Safety: There are no Australian standards but consider healthy hip position.

Durability: Look for ones you can give a good scrub.

Longevity: Can it be used from newborn? How long do you plan on babywearing? Check suitability.

**For more info check out our [Before You Buy Baby Carriers Guide](#)**

## CAR SEAT

Decide whether capsule or car seat suits your lifestyle. Capsules have a shorter lifespan but can transfer directly from car to pram. Car seats swap from rear to forward facing for years of use.

### Things to consider:

Size: How big is your car? Consider seat space, door angle, more than one seat.

Portability: How heavy is the capsule to lift in and out of the car? How easy is it to move the car seat from one car to another?

Ease of use: Getting it in and out of the car. How easy is it to install?

Longevity: Will you add to your family and how far apart in age will they be?

**For more info check out our [Before You Buy Car Seat Guide](#)**

# THE ESSENTIALS...

## BABY BATH

Space near access to water supply and drainage will determine the type of baby bath you need. Whether you need a newborn solution for an existing full size bath or a baby bath that fits in a shower or sink, consider how it will work in your every day life.

### Things to consider:

Space: Where will your baby bath be? In a sink, on a stand, in the shower?

Drainage: How easy is it to drain the water? Baths full of water are heavy.

Storage: Can it be folded or moved? Where will you store it?

**For more info check out our [Before You Buy Baby Bath Guide](#)**

## HIGH CHAIR

When it comes to meal time, you need a high chair that fits into your lifestyle, whether it sits in the kitchen so you can work around it, or at the dinner table with the rest of the family.

### Things to consider:

Comfort: Is the tray adjustable? Is there padding for comfort?

Ease of use: How easy is it to get baby in and out? How easy is it to clean?

Safety: Harness, strength of construction, stability - will it topple over?

Storeability: Does it fold down? Where can you store it between meals?

## BREAST PUMP

While mother nature gave you the goods, the right man-made assistance can help keep you in steady supply.

### Things to consider:

Usability: Manual or electric? How often do you plan to use it?

Comfort: What is your breast shape and size?

Portability: Will you be expressing at work or when out? How noisy is it?

Safety: Using a second-hand breast pump isn't recommended unless it's hospital grade.

**For more info check out our [Before You Buy Breast Pump Guide](#)**

# DIDN'T KNOW YOU NEEDED...

Here are the ah-ha items you didn't even know you needed and why they are so useful!

## BABY BOUNCER

A bouncer gives you the freedom to wee in peace, have a shower or finish a hot cuppa with bub in a safe and secure spot.

## PLASTIC LINKS

Turn any toy into a hanging toy with these simple yet essential plastic rings. Hanging toys are the perfect entertainment for the pram or car.

## NASAL ASPIRATOR

Babies breathe through their noses, making feeding and sleeping difficult if it's blocked. Have an aspirator at the ready for when baby is congested.

## HAND SANITISER

For all those times when you find yourself covered in poo, spew or snot - hand sanitiser is a quick solution to sticky situations.

## CAR MIRROR

There is a primal need for mums and babies to see each other. A baby car seat mirror leaves the lines of mutual adoration safely open.

## WETBAG

Handy for in your nappy bag or pop one in the car for when bubs or mums clothes are soiled, to prevent spreading the mess.

## CAR WINDOW SHADE

Protect precious cargo from damaging sun rays and annoying glare with a car sun shade. Can also limit distraction for snoozes in the car.

## WASH DETERGENT

Make sure to use a washing detergent that is gentle on sensitive baby skin when pre-washing all baby's clothing and linen.

## WIPE WARMER

A cold wipe during a night time nappy change may be enough to fully wake your sleepy bub. A warm wipe on the other hand - you can thank us later.

## NIPPLE SHIELDS

Nipple shields help mum power through the tough breastfeeding times by protecting the nipple. They can also help with flat or inverted nipples.

# DIDN'T KNOW YOU NEEDED...

## LOGBOOK/APP

Feeding times, wet nappies, medicines, appointments - take the pressure off your mum brain and have somewhere you can jot things down.

## NAPPY CADDY

Think of this as a portable change table with all the essentials in one spot. Keep one in another room or downstairs for quick changes.

## NAPPY CLUTCH

Keep everything you need in one handy pouch for changing on the go. For quick trips or to throw in the pram, it saves lugging the nappy bag around.

## SOCK ONS

You'll be surprised how many socks go missing off little feet. This clever product makes sure socks stay on, keeping tootsies warm.

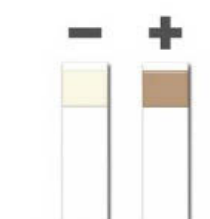

## MITTENS

Babies nails grow at a rapid rate and are razor sharp. Mittens provide protection against scratching without using nail clippers on teeny fingers.

## TERRY TOWELS

Useful for wiping up anything and everything, you will very quickly come to love and rely on these for all manner of spills and spews.

## MILK SCREEN

Mum's deserve to let their hair down so for peace of mind after a drink, these nifty strips tell you if there is alcohol present in your breastmilk.

## PRAM CLIPS

These clever clips are handy to secure a cover on your pram, keeping baby protected from the sun or less distracted for naps on the go.

## PORTABLE WHITE NOISE SPEAKER

Use a portable speaker with soothing sounds to calm baby in the pram or car or wherever needed.

## BREASTFEEDING COVER

Using a cover can be a lifesaver to limit distractions for your little one while feeding.

## OUR EXPERT BUYING TIPS

Buy socks all the same colour so it won't matter when they go missing.

Buy onsies and rompers with zips - no one has time for press studs.

Tops with envelope shoulders last longer - they can stretch over baby's shoulders as their head grows.

Don't be afraid to invest in big ticket items - you'll use them daily for years.

Keep receipts for warranty and boxes, in case of recall/faults.

Use a mattress protector to extend the lifespan of your cot mattress.

Look for extra large wraps so they last longer.

Buy a nappy bag your partner is happy to carry.

Make the most of the free samples to see what works best for your bub, then buy in bulk.

Buy some gender neutral items for future children.

Do not stock up on newborn nappies, they grow faster than you think.

Don't forget, you can always go shopping after baby arrives.

# BABY CLOTHES BUYING GUIDE

Use this guide to purchase season appropriate clothing in the correct size based on baby's due date or birth date.

 SUMMER		 Autumn			 WINTER			 SPRING

JAN	FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC

 month baby due/born

When buying for bub, not only do you need to consider size but what season they will likely be wearing each size.

Of course, every baby is different so this guide is general in nature. Also consider climate as what constitutes summer and winter clothes depends on where you live.

[www.facebook.com/boobiebikkies](https://www.facebook.com/boobiebikkies)

### BOOBIE BIKKIES

**Boobie Bikkies** are the original award-winning snack that Australian mums have come to know and trust. Natural and organic, Boobie Bikkies were created by Australia's most recognised and respected lactation expert – Pinky McKay – to nourish mums as they breastfeed their babies.

Available in three flavours: vanilla, orange & cinnamon and coconut, date and seed (GF/DF). Available online or in over 500 stores across Australia.

## ■ BABY CARRIER

### MOBY EVOLUTION WRAP

**MOBY** (MOther & baBY) is synonymous with babywearing and globally recognised as the brand that knows the importance of keeping babies close, calm and happy.

MOBY's focus is on creating products that encourage bonding over special moments, shared discoveries and within the day-to-day of being Close Enough to Kiss™.

zipPay afterpay

Handcrafted in Australia, the range of baby and toddler swings from **swingz n thingz** are built to last. Available in a range of colour ways, each swing can be personalised with an etched message for an extra special gift.

Made from outdoor marine canvas and organic hemp canvas, the swings are easy to hang from a single point. Seatbelt, carry bag, support pillow and stainless steel hardware are all included. Free prompt delivery Australia wide. Suitable for use from 6 months to 8 years old.

## ■ TEETHING MITTEN

[babybunting.com.au](http://babybunting.com.au)

### MUNCH MITT

The world's first silicone teething mitt, the **Munch Mitt** is a wearable teething toy for infants who cannot grasp or hold a standard teether.

Perfect for the car seat, stroller or tummy time, the Munch Mitt features three-way sensory stimulation for baby. Textured silicone massages tender gums while the crinkle noise and bright colours stimulate sight and sound. BPA and Phalate free.

## TEETHING TOY

### JELLYSTONE DESIGNS

**Jellystone Designs** is an industry leader for silicone made teethers and toys. With a strong commitment to enhance the way babies learn and process through sensory exploration, their range offers non-toxic, silicone made products with a wonderful feel and clever design.

This includes the award-winning Rainbow Stacker, a teether and stacking toy combined that is suitable for all ages and stages.

## DRIBBLE BIB

### GRUBBEE BAMBOO BIBS

The teething months can be tricky to navigate, but **Grubbee** bamboo bibs give mum and baby something to smile about.

With an outer layer made from bamboo/organic cotton terry towelling and a stylish cotton front, these bibs are made to withstand even the heaviest dribbler. Modern and practical, each bib comes with two adjustable snaps making them suitable to wear from birth right up to the toddler years.
